## Police Chief Held After Statement of Charles W. Brown

Wealthy Cattleman Also Arrested, Released for Court Hearing

### ILL FEELING BLAMED

Man Held Captive Several Days Found Chained to Tree

BERLIN, Md.—(AP)—Two well known Worcester county men, one of them the police chief of Ocean City, were arrested Tuesday in connection with the alleged kidnapping of Charles W. Brown last week. They were freed on their own recognizance pending a hearing.

They are Robert Allen, the police chief, and George K. Jarvis, wealthy cattleman, arrested on warrants sworn out by Brown. A hearing was scheduled for Wednesday afternoon, was postponed.

Sheriff William Purnell continued his investigation into Brown's story, told after he was found chained to a tree in a swamp near here Sunday. He said he had been kidnapped, held prisoner for four days and then chained to the tree when he refused to sign documents presented to him by his captors.

### Ill Feeling Blamed

Codfrey Child, state's attorney of Worcester county, said he was waiting word from Sheriff William Purnell before taking action. He pointed to feeling between Brown and the men he accused, which he said was of long standing.

Brown said one of the documents presented to him while he was a captive was a release on a libel action he had entered against Jarvis, and the other was relative to a liquor case in which he was convicted and sentenced to jail, said Child.

The libel suit was entered by Brown after his name had been brought into the bombing of Jarvis' home some weeks ago.

Allen and Jarvis denied they had anything to do with the Brown kidnapping.

## Al Smith Turns "Block-Aider"

Former Governor Alfred E. Smith was doing his bit to "stamp out war" in his block in New York when this picture was taken. And it must have been a pleasure to contribute to the "Block-Aiders" campaign when the two representatives of the organization were smiling Mrs. Alexander Hamilton (left) and Mrs. W. Averill Harriman. It's part of a drive by which each neighborhood in New York takes care of its destitute folk.

## Christian Revival Interest Growing

Large Crowds Attending Each Service—Blalock Is Forceful Speaker

"Where God Hides," will be the subject of Rev. Bryan B. Blalock, evangelist of Arkadelphia, who is conducting a revival at the First Christian church in Hope this week.

The services, which began Sunday have been attended by large crowds during the week and much interest is being shown in the meetings.

Rev. Blalock spoke Tuesday night on "Give God a Chance."

The singing is in charge of Mrs. F. L. Padgett, choir director of the church.

Rev. Blalock spoke Wednesday morning to the student body of the High School.

## Jury in Murder Trial Discharged

No Verdict in Case of Cliff Harback in Van Buren Court

VAN BUREN.—(AP)—When jurors hearing the case of Cliff Harback, charged with murder, reported at noon Tuesday that no agreement could be reached, Judge J. O. Kinnannon declared the case a mistrial.

Harback was indicted in connection with the death of Elmore Brown, Oklahoma City salesman, in January, 1931, when Brown attempted to halt three men who had robbed a drug store here.

Percy Spear, indicted with Harback, was convicted last July and is serving a term in the state penitentiary.

## Just Wouldn't Move

COLUMBUS, Ohio.—About 200 people had a lot of fun here when they witnessed a parking battle between a woman and man motorist. The man was trying to back into a parking place and the woman, at the same time, was trying to drive forward into it. The two cars locked bumpers. Neither driver would move. They remained locked for 20 minutes until the police broke up the tangle.

## Bulletins

HOPEWELL N. J.—(AP)—A morning bulletin from the police at the Lindbergh home, said that the kidnapped baby was still missing and that all clues have proven worthless.

## Report Decline in Railroad Revenues

L. & A. Officials Testify to Steady Decrease in Company Earnings

SHREVEPORT, La.—(AP)—Figures to show decrease in revenues were offered Tuesday to President Hoover's emergency board by the Louisiana & Arkansas railroad in the company's arguments in favor of the March reduction of 10 per cent in basic wage declared on transportation craft workers.

The employees side of the controversy was heard last week. The employees representative strenuously opposed the cut as unjustified in view of figures on the railroad offered by them from Interstate Commerce Commission statistics.

F. A. Key, Jr., traffic manager of the railroad, furnished exhibits Tuesday claiming that there was a steady decrease in gross operating revenues.

Mr. Key said the gross operating revenue of the railroad in 1929 amounted to \$7,866,865. In 1930, he said, the sum decreased to \$6,980,607, or 11.3 per cent smaller, while in 1931 the gross revenues showed a decline of 16.2 per cent under the previous year and 25.6 per cent under 1929. He expressed the opinion that the similar revenues of the road in 1932 would not exceed \$1,000,000.

Mr. Key said revenues had been shrunk by barge and motor competition. Revenues from the tonnage of some agricultural products this year would likely equal 1931 revenues, he said, but he pointed out a number of commodities on which he estimated reduced revenues would be derived.

## Pair of Missouri Students Wounded

One Shot Seriously, After "Kidnaping" of Dance "Queen"

COLUMBIA, Mo.—(AP)—Jerry Cebé captain-elect of the University of Missouri wrestling team, and Frank Luckey, both students in the University School of Engineering, were shot Tuesday night and officers are questioning two or three students in the School of Law. Luckey was reported seriously wounded.

Four law students Monday had appeared before a justice of peace and asked that four engineering students be required to give peace bonds following the "kidnaping" Saturday of Miss Mary Butterfield of Kansas City, whose coronation at St. Pat's queen ball was prevented by the "abduction."

Whether there was any connection between the "kidnaping" and the shooting could not be learned immediately.

Cebé and Luckey were shot while on a street near the campus.

## Lecture Series Started at Arkadelphia School

ARKADELPHIA, Ark.—Dr. Louis D. Newton, pastor of the Druid Hills Baptist church, Atlanta, Ga., Tuesday morning began the fifth annual lecture series at Ouachita College under the Ayler Fleming Foundation.

Dr. Newton, the youngest lecturer to appear in the series, is a writer and formerly was a journalist. He is rated as a strong speaker. Provisions of the foundation require that the best Baptist lecturer available each year be brought to Ouachita.

## South's Tornado Death List Soars to 300 Wednesday

Twenty-five Hundred Estimated to Be Injured in Final Check-Up

### 7,000 ARE HOMELESS

Injured Removed From Make Shift Hospitals to Larger Cities

BIRMINGHAM, Ala.—(AP)—The south's tornado death list went above three hundred Wednesday as the somber work of rescue and rehabilitation progressed.

Estimates of the injured ran as high as twenty-five hundred and those who were homeless to seven thousand.

At dawn Wednesday morning a check of the fatalities disclosed that 248 were killed in Alabama, 35 in Georgia, 17 in Tennessee, 2 in South Carolina and 2 in Kentucky.

No authority was completely able to estimate the damage to property over the five states.

As the roads were cleared of debris Wednesday the injured were removed from makeshift hospitals in churches, schoolhouses, courthouses and other available buildings to hospitals in the larger cities.

National guardsmen hurried tents and cots together with a supply of blankets into the devastated area to care for the homeless, while the Red Cross and all available doctors and nurses were rushed forward to care for the relief work in the stricken areas.

## Scottish Rites to Hold Service Here

Southwest Arkansas Club to Meet in Hope on March 24th

Thursday, March 24, at 7:45 p. m., the Scottish Rite Club of Southwest Arkansas will meet at the Masonic hall in Hope to celebrate the Mystic Banquet and to observe the ancient ceremony of Extinguishing the Lights.

All Knights Rose Croix are fraternally reminded that attendance upon this observance is obligatory, and every member is expected to be present and participate; sickness or an unavoidable cause is the only valid excuse.

"Even if a Knight Rose Croix be alone in a place he must, in spirit, at least, be present Thursday with his brethren."

The following members will take an active part in the ceremonies: Terrell Cornelius, Dr. F. D. Henry, E. Haselmann, Harry W. Shiver, William Bryan, Ira Halliburton, Robt. Hucagon.

The Relighting of the Lights ceremony, which will be open to the public, will be observed at 8:30 Sunday morning.

Harry W. Shiver is president of the Scottish Rite club and Dr. F. D. Henry is secretary.

## Ask Fund for \$25,000 to Defray Survey Costs

AUSTIN, Texas.—Application has been made to the Laura M. Spellman fund of the Rockefeller Foundation for \$25,000 to help pay the cost of a state efficiency survey now being conducted by a legislative committee. No limit was placed on the amount of state funds the committee may use in the work so long as they do not overdraw the contingent fund provided for legislative work.

## In New Kidnaping Scare Near Lindbergh Estate

At Highland Park, N. J., less than 20 miles from the Lindbergh estate, an intruder used methods similar to those of the Lindbergh kidnapers in trying to enter the nursery in the home of J. Seward Johnson, millionaire manufacturer of hospital supplies. At right is Mrs. Johnson with two of her children who were in the house pictured above. The arrow shows the window against which a ladder had been placed. George Malden, left, was held as a suspect after a marauder had been frightened away from the home during an exchange of shots with a watchman.

## Double Auto Accident Fatal to Maaiana Man

Companion Seriously Injured as Car in Which Pair Were Traveling Overtaken on Highway. Negro Driver Into Car After Machine Is Wrecked

MARRIANNNA, Ark.—(AP)—A double accident near here early Wednesday morning claimed the life of F. H. Blackwell, 50, former Memphian and resulted in the serious injury of W. S. Orr of Marianna, his companion. The car in which the pair were riding turned over and while Orr was removing Blackwell from the wreckage an automobile driven by George Nunery, a negro, crashed into the wrecked car.

The negro said he was blinded by the lights of an approaching truck. He was not arrested.

## Farm Board Hits Grain Pit Bears

Report of Plans to 'Dump' Wheat Malicious, Says Chairman Stone

WASHINGTON.—(AP)—A "malicious attempt to manipulate" the grain market was attributed by Chairman Stone of the Farm Board Tuesday to sponsors of reports that large amounts of stabilization wheat will be dumped abroad.

He declared untrue persistent reports that George S. Milnor, general manager of the Farmers' National Grain Corporation, had gone to Europe to arrange for disposition of large quantities of government-owned grain. Stone asserted that no stabilization wheat would be dumped anywhere, and said the board's program for selling its holding in monthly allotments announced last July, had been followed and would not be changed.

Milnor sailed for Europe a week ago. Since then wheat prices have declined steadily and the report to which Stone referred has spread.

C. E. Huff, president of the National Grain Corporation, said the only purpose of Milnor's visit was to call on representatives of the corporation and obtain first hand estimates on the export situation as it relates to the 1932 crop. Huff added:

"The trip is apparently being made the occasion for an increased attack by bear operators upon price levels already too low, for personal gain and advantage, and to discredit the Farm Board and the co-operative groups."

## Arrested Man Pointed Out as Bank Robber

TUCUMCARI, N. M.—A man arrested at Narva Monday was identified as one of those who robbed the First National Bank of Stinnett, Texas, last week.

G. W. Newsom, bank cashier, made the identification. The man's name was withheld. He was turned over to officers from Texas.

A second man, who refused to waive extradition, is held in jail here. Officers said they have information where the loot from the robbery is hidden and are looking for two other men.

Four bandits entered the bank at losing time last Tuesday, surprised and bound several employees and escaped with \$8000 in currency and valuable diamonds.

## Smallpox Taking Huge Toll in China

Famine Drives War Refugees to Eat Bark, Grain Chaff, Wood

SHANGHAI.—(AP)—Famine and pestilence in the form of smallpox, which menaced foreigners, were sweeping over the crowded camps of war's refugees in China Tuesday.

Foreigners are particularly susceptible to the type of smallpox prevalent here, said Dr. Wu Lien-Teh, director of the Chinese Maritime Quarantine Service. Hundreds of them have heeded warnings and undergone vaccination.

The disease is in a very virulent form, with half the cases thus fatal, Dr. Wu said. He described the Shanghai as the most widespread and taking the heaviest toll in this vicinity of any in many years.

At Hongkong, Saigon and other refugee centers 142 cases were reported last week. E. Koehlin, French consul-general, was one who died of the disease.

Steamers entering and leaving Shanghai are required to take special precautions against smallpox, while Hongkong has ordered that all persons arriving there from Shanghai must be vaccinated before they may enter the port.

Famine, not a new condition in a China frequently visited by drought and floods, has driven the people again to eating bark of trees, chaff of thrashed grain and weeds, said Sir John Hope-Simpson, British director of the China Famine Commission.

The income from special Chinese taxes for relief of sufferers from last year's floods in the Yangtze valley has been cut from \$750,000 to \$175,000 a month as a result of the hostilities, Sir John said. The crisis required desperate measures.

The commission is forced to depend almost entirely on the sale of American wheat, donated to the flood relief organization, for income and must raise much more money, he said.

## Blevins School Honored at A.&M.

Placed First in C. and D. Group in One-Act Play Meet

In the district high school one act play meet at Magnolia A. & M. college, Tuesday, March 22, Magnolia high won first place in the class A and B contest, and Blevins won first in the class C and D group.

Winners in the class A and B group were as follows: First Magnolia; second, El Dorado; third, Texarkana, Ark.; and fourth, Waldo.

Winners of the class C and D group were Blevins, first; Bodcuk, second; and Lanchurg, third.

By virtue of winning first place Magnolia and Blevins are entitled to enter the state meet at University of Arkansas later in the year.

## Train Escort Increased After Sunday's Attack

MEXICO CITY.—(AP)—The department of war, at the request of the National Railways, has ordered train escorts increased to 15 men in charge of one officer, because of Sunday's assault on the Laredo train north of Queretaro which resulted in three deaths and heavy damage to the train.

The war department expressed the belief Sunday's attack was an isolated case, not likely to be repeated. The judge got a big laugh out of casting it up to Joe.

## Big Addition Given Body to Investigate State Road Affair

Sharp Debate by Members of House Preceded Ballot Taking

### THE VOTE IS 83-20

Senate Postpones Hearing on Road District Reorganizing Measure

LITTLE ROCK.—(AP)—After a debate and an attempt to amend the proposition in the bill, the house voted 83 to 20 to add to the highway commission an additional \$100,000 a year on an investigation of the State Highway Department.

A motion by Representative of Crockett county to put the bill on second reading for an attempt to reduce the appropriation of \$100,000 was voted down 80 to 20.

Goehs estimated that \$50,000 was sufficient amount of money until the regular session of the legislature convenes.

During the debate, Elnor of Woodruff county, favoring the reduction of the appropriation, declared that the audit commission was paying a salary accountant \$35 a day. Mrs. Cunningham of Yell county interrupted by asking whether he thought \$35 a day was "as bad as \$500 a day" for an idle road equipment for the highway department.

The senate postponed consideration of the McElhannon road district financing bill until the senate could investigate whether the bill allocating the funds to the highway department might prevent the legislature from giving the audit commission an additional appropriation.

## El Dorado Attorney Speaks to B. & P. W.

Officers for Ensuing Year Installed at Meeting Tuesday Night

Miss Mary Arnold, retiring president of the Hope Business and Professional Women's Club, was hostess at the meeting of the club at the Hotel Barlow Tuesday evening.

The large round dining table was centered with a tall blue vase of peach blossoms, which was surrounded by long sprays of greenery and pink candles in low amber holders.

Miss Arnold presented Mrs. Ward Dabney, a recent addition to Hope musical circles, who, accompanied by Miss Harriet Story, delighted the audience with a lovely song, "The Rose," "At Dawning" and "Only a Rose."

Attorney Aurelia Burnside, of El Dorado, the first Southern woman to graduate from the law department of Yale University, after it was opened to women, was guest speaker of the evening, and brought a most helpful message on international relations and the part that business and professional women of the world is taking to bring about better understanding.

Miss Burnside is state chairman of International Relations of the Arkansas Federation of B. & P. W. clubs and told of her work of the past year.

She especially recommended the reading of two recent books as aids to better information and understanding, Frank Simonds' "Can Europe Keep the Peace," and "The United States in World Affairs in 1931," by Walter Lippman.

Miss Burnside was accompanied to Hope by Mrs. Ella Quigg, chairman of District Six, who spoke in the interest of the coming state convention in Pine Bluff, April 22, 23 and 24, at which the Hope club will be well represented.

Mrs. Margaret Simms McDonald, state president, was present and installed the new officers for the ensuing year. They are: Mrs. Fay Rouse, president; Dr. Etta E. Champin, first vice president; Mrs. Lillian C. Rounton, second vice-president; Miss Mamie Twitchell, recording secretary; Miss Jack Porter, corresponding secretary, and Miss Edna Jones, treasurer.

Mrs. McDonald compared each of these officers with the symbols of the emblem, stating that all were bound together with the endless chain of membership.

It was announced that two Lombardy poplars had been planted at the Paisley school as the club's contribution to the nation-wide tree planting campaign which is a part of the Washington Bicentennial celebration.

The next meeting of the club will be held at Hotel Barlow at 6:45 p. m., April 5. This change of hour is necessitated by the opening of the state U. A. B. convention in this city at 8 p. m. of the same evening, at which time members of the B. & P. W. club will appear on the opening program.

## He Never Forgot

TEXARKANA.—Joe Hughes found out that Judge Louis Joseph has a good memory. Joe was hailed before the judge on a reckless driving charge. "How do you do?" the judge greeted Joe. "You're the boy who thumbed your nose at me, aren't you?" Joe remembered then that he had done that little act six months before. The judge got a big laugh out of casting it up to Joe.

**CITY**  
Apply the revenues of the municipal power plant to develop the industrial and social resources of Hope.  
Improve city pavement in 1932 and improved sanitary conditions in the city and business back yard.  
Support the Chamber of Commerce.  
**COUNTY**  
Continue highway program providing for the construction of a system of all-weather roads each year, to gradually reduce the number of miles of dirt roads.  
Continue and economic support for every scientific agricultural program which offers practical benefits to Hempstead county's greatest asset.  
Encourage farmer organizations, believing that co-operation effort is practical in the country as it is in town.  
**STATE**  
Continue progress on the state highway program.  
Continue tax reform and a more efficient government through the budget system of expenditures.

**Lindbergh's Hold On the People**  
ONE of the most amazing things in recent history is the way the tragic events of the last few days have demonstrated the tremendous hold that Colonel Lindbergh has on the American people.  
It is doubtful if any other American ever occupied a position quite like his. From being a human being, with ordinary frailties and imperfections, he has become—not exactly a demi-god who can do no wrong, but an institution which is established on an absolutely solid and permanent basis.  
That flight to Paris is a long way in the past now. Other great flights have been made since then, other sensations have come and gone, other heroes have arisen to have their day in the limelight and then fade out of the picture; but the peak on which that amazing flight landed Lindbergh has grown higher with the passing years.  
Probably no other conceivable event short of the nation's entrance into a great war could have stirred the American people as deeply as the kidnapping of the Lindbergh baby stirred it. During the past week it has been almost the only topic of conversation. You hear people discussing it on street corners and in buses; the waitress who gives you your sandwich in the restaurant, and the bootblack who shines your shoes—the acquaintance you meet—all have wanted to know the latest news.  
And this hasn't been merely an evidence of public desire for sensation. The loss of the child was a personal matter to almost everyone in the country. People did not simply feel that a horrible crime had been committed; they felt that their own deepest sympathies had been outraged, and in a very real way they suffered with Colonel and Mrs. Lindbergh.  
Many times in the past the public has shown how greatly it cherishes its most famous aviator. Now, in the time of his greatest sorrow, it has revealed the full extent of the way in which he has made him its own. Henceforth, apparently, we have an unofficial first citizen whose status cannot change; and in his charming wife, we have an unofficial, deeply-loved first lady.

**Fascism and the Common Man**  
THE antics of Fascist leaders in Europe would not mean much on this side of the Atlantic were it not for the fact that there are a good many Americans who are inclined to believe that Fascism does have its uses as an antidote to Bolshevism.  
That the Fascists in Italy choked off radicalism at a crucial moment is obvious. The question, however, is whether the cure is not worse than the disease.  
Just now Germany is having a chance to digest the revolutions that followed a series of raids on the headquarters of Hitler's organization. They make significant and ominous reading.  
A plot to plunge Germany into civil war and seize the government by force was discovered; and the plot was typical of Fascism in all countries. Rejected by the voters at the polls, Fascism would take the offices it wants anyway—for one of the hallmarks of the Fascist is that he is always quite sure that he knows just exactly what ought to be done for his fellow-citizens and is willing to do it for them regardless of their wishes.  
All of this, in other words, simply emphasizes anew the fact that Fascism is as complete a denial of freedom, democracy and individual rights as Communism is. And it comes from the same conditions that produce Communism.  
Each of these divergent philosophies of government is a philosophy of despair. Men do not become Fascists, or Communists, unless they are convinced that things are so very bad that they could not possibly get any worse. Hitler may have lost the election in Germany, but the size of the vote he polled shows that an enormous proportion of Germany's citizens had reached the point at which they were willing to put their destinies in his hands.  
And the whole thing, boiled down, resolves itself into a salutary warning for people on this side of the ocean.  
Fascism, like Bolshevism, is a sign that a nation is deathly sick. It is as violent, as ruthless and as dictatorial as Bolshevism is; it means revolution just as surely as Bolshevism does; it is just as fatal to the common man's rights.

**Job Hunting in Russia**  
It was slightly amusing to learn, via recent cable dispatches from Moscow, that several hundred Americans who went to Russia during the past summer and fall looking for jobs have been asked to return to the United States. Russia has no jobs for them and can't be bothered looking after them.  
Jobs may be scarce on this side of the sea, and the land where the worker is king may look very glittering and attractive; but the millennium, evidently, has not yet dawned.  
The American job hunter who decides to pull up stakes and throw his lot in with the Communists on their native heath takes a step much like that of the individual who leaps out of the frying pan only to land right in the middle of a nice, hot fire.

### Six Women Pallbearers at Fort Worth Funeral

FORT WORTH, Texas.—Six women were pallbearers at the funeral of Mrs. Frusha Eager here Sunday. The honorary pallbearers also were all women.  
Mrs. Eager, who died Saturday at the age of 43, made a deathbed request that the six women, all close friends of her, take her body to its grave.  
The honorary pallbearers were members of her Sunday school class. Mrs. Eager was a past president of the Tarrant County Odd Fellows and Rebekah association.

### It's Probably Athlete's Foot

B. L. writes: "What makes the skin crack and peel off between my toes? It itches terribly."  
REPLY  
Probably ringworm, or, as it is more commonly called, Athlete's Foot. Go after it at once with a powerful anti-septic, like Emerald Oil which usually banishes every symptom in two weeks at most. Rub your feet with the oil night and morning. (Emerald Oil isn't greasy and does not stain.) Boil your hose and bed linen, and air your shoes in the sun, to prevent reinfection.  
You can get Moone's Emerald Oil at any good drug store, such as Ward & Son's Money back if one bottle doesn't end the trouble.

### Students Arrested for Crew Victory Celebration

LONDON.—Many students were arrested early Sunday when they celebrated Cambridge's boat race victory over Oxford by staging the wildest scenes since the armistice in the west end of London.  
A detail of 150 policemen around the famous statue of Eros in Piccadilly circus was hard pressed and forced

to use batons freely to turn back repeated charges by the students, who attempted to climb the statue, emulating a New Year's Eve celebration who was later fined \$600.  
The revelry lasted all night and great crowds blocked traffic in the streets. Two persons were injured when 15 students, crowded into a tiny two-seater automobile, ran onto the sidewalk at Leicester square, forcing the crowd to flee into the subways and telephone booths for safety.

### American Legion Conducts Nation-Wide Safety Plan

INDIANAPOLIS, Ind.—A nation-wide safety campaign is being carried on by the American Legion in an effort to reduce the large number of traffic accidents involving children of school age.  
Forta throughout the country have signified their willingness to co-operate in this campaign, and many of them have appointed safety committees to work with city and school officials.  
The legion of Wisconsin has already done some notable work along these lines: Its most valuable stunt was the erection of more than 1050 caution signs within the state warning motorists entering cities to protect children by driving carefully. The cost of this work ran to more than \$4000, and was borne by state posts.  
**Plan For Entire Country**  
The national headquarters here has outlined a safety campaign for all sections of the country. It urges a survey of traffic conditions in all sections and that local safety committees interview railroad and traffic heads and discuss remedial measures.  
"This idea of co-operating with existing safety agencies should be carried out in all legion safety work," the campaign literature reads. "The problem of safety is frequently highly technical and different organizations have safety experts who have been studying it for a number of years."

**Mother of Texas Senator Buried Sunday at Eddy**  
EDDY, Falls County, Texas.—The body of Mrs. Mary Ellen Terry Connolly, 88, mother of U. S. Senator Tom Connolly of Texas was buried here Sunday. She died early Saturday.  
Senator Connolly, her only son, who lost a race with death as he sped homeward from Washington, arrived here just in time to attend funeral services. The Texas special, fast M-K-T lines train, made a special stop to let him off here instead of at Waco, several miles to the north.  
Rev. R. J. Fletcher, of Wichita Falls, a former pastor of the Baptist church here, officiated at the services, assisted by the Rev. F. C. Rowland, pastor, Pullbearers were eight grandsons of Mrs. Connolly.  
Burial was in Eddy cemetery, near

the home where she had lived 52 years. Mrs. Connolly, widow of two confederate veterans, came to Texas 65 years ago as a bride, in a covered wagon drawn by mules. Besides her son, she is survived by six daughters and a sister.

### Slot Machines Squeeze Losers at Monte Carlo

MONTE CARLO.—(P)—Slot machines for impetuous gamblers have been installed in the casino here. The reason for the innovation is the shortage of heavy players with ample supplies of paper currency.  
Once the patrons run out of franc notes, they hie to the bar with their small change in the hope that the machines will yield enough to give them a seat in a bigger game.

**Texas Farmer Shot Seriously by Youth, 15**  
COOPER, Texas.—Ray McClain, farmer and insurance man, was shot and probably fatally wounded near here Monday by a 15-year-old boy who escaped.

McClain said after the shooting that he was working in a field and had stopped at the end of a row to roll a cigarette when the boy approached and asked for work.

When McClain refused him the boy shot him four times with a 22 caliber pistol, the bullets striking in the abdomen, the head and near the heart. The farmer drove a mile and a half to Cooper, described the boy for officers and was taken to a hospital at Paris.

Delta county officers were still looking for the boy Monday night and believed they had located him in a creek bottom near the scene of the shooting. McClain said the boy was a stranger to him.

**Non-Partisan Government Seen as Far East Solution**  
TOKYO.—(AP)—A non-partisan "national" government, similar to the cabinet of Prime Minister Ramsay MacDonald in Great Britain, was seen Monday as the likeliest way out of difficulties threatening the administration of Premier Tatsuishi Inukai.

Political observers said there was little prospect of a fascist coup, as has been rumored. They suggested instead that the strongest men of Japan's two major parties, the Iyukai and Minseito, might be invited into the government in an inevitable reshuffling of the cabinet after the closing of the diet on March.

**Fame Flits; Only \$19 in Chilean Memorial Fund**  
SANTIAGO, Chile.—(AP)—Students of the National University of Chile know how fleeting is fame.

When the students initiated the civil uprising that saw an end to the Ibanez regime last July, the provinces went wild with joy and in the town of Canete a public subscription was started for a monument in their honor.

The treasurer of the fund says the idea has been forgotten, and he has handled \$19, all that was given, to a hospital.

## Marinello Beauty Shop Staff

Left to right: Mrs. B. L. Rettig, Miss Sybil Smith, and Mrs. B. C. Lewis.

## Marinello Offers Many Beauty Aids

Mrs. Lewis, Miss Smith and Mrs. Rettig Experts in Their Lines

Behind the scenes at the Marinello Beauty Shop there are three experts who contribute as much to the beauty and definiteness of the women of Hope, as they make-up king presiding over the destinies of Hollywood's motion picture stars.

Behind the stage and screen have contributed much to the science of beauty preparations, leaning on their long familiarity with the women of the entire world. Mrs. B. C. Lewis, proprietor of the Marinello shop, frequently refers to this fact in mentioning Max Factor's cosmetic line, which was developed by Factor as a by-product of his years in Hollywood as make-up artist to the screen stars.

At the Marinello, which boasts of the slogan "Best for less, all work guaranteed," Miss Sybil Smith is regarded as one of the most competent make-up experts in the state, having completed special training in this line.

Mrs. B. L. Rettig pays particular attention to make-up, but the activities of the staff cover a multitude of beauty aids.

In addition to shampoos, finger-waves and marcel, here are a few: Facials, skin tone packs for age lines, bleach packs, Tarben masks, and special Acne Facials.

And then there is the usual run of manicures, hair-dyeing and bleaching, scalp treatments, eye-brow arching and dyeing—and the Max-Factor cosmetic line.

## Guilty? No—Yes

HOUSTON, Tex.—On trial for possession and sale of whisky, Johnny Zorans pleaded not guilty. His wife said he was guilty; his wife also repudiated evidence against Johnny, he said he was guilty; his wife also repudiated his plea. The case was dismissed against the woman, but Johnny was given a year and a day in jail.

## Banditettes

FORT WORTH, Texas.—The night was dark, and the two bandits that held up Harry Blank, of New York City, were darker. Blank told police two bandits stuck him up and robbed him of \$25 and a wrist watch. He was going to yell "Police!" when he changed his mind and shouted "Mammy!" The two bandits were negro women.

## Not So Soft

FORT WORTH, Texas.—Six thieves broke into the home of Drew Osborn and stole mattress and five sheets. Police went on the trail of the thieves and found them all sleeping on mattresses and sheets stolen from other houses in the neighborhood. They have hard beds now.

## Women Boss Town

INDIANAPOLIS, Ind.—William's Creek, a town north of Indianapolis, is under female rule. Women held all political offices and otherwise "boss" the town. When a conference on tax questions was called recently, however, not one of the feminine officials showed up. They were represented by their husbands.

## Hope Civic Clubs to Aid in 'Stunt Night'

First Attraction of Kind to Appear in City—Tickets on Sale

Stunts have been entered by many leading civic organizations for Stunt Night, March 25 at the high school auditorium, Mrs. John Weiborn, Glee club director, announced Wednesday. Among the entrants are the American Legion, Rotary Club, Kiwanis Club, Music Club, Boy Scouts, Boys' Red Knight Club and Brookwood, Oglesby and Paisley P. T. A.'s. Prizes are being awarded those groups presenting the best stunts.

Sale of tickets will begin with the following ward and rural chairmen: Virginia Hutchins, ward one; Helen Secrest, ward two; Inez Taylor, ward three; Ruth Cobb, ward four; Elinor McWilliams, Shover Springs; Pauline Pones, route four; and Mineanna Padgett, district south of Hope.

Hilburn Graves and his orchestra will furnish music for the evening between stunts.

The entertainment will be characterized by variety and uniqueness with much local talent in evidence. Both the old favorites and individuals who have never before been famous for public stunts will appear.

Stunt Night is sponsored by the combined Boys' and Girls' Glee clubs, two of the largest and most outstanding organizations in Hope high school. The proceeds from the entertainment will help defray Glee club expenses for the rest of the school year.

## Texas Rangers Mourn Death of Former Mate

AUSTIN, Texas.—The Texas rangers, booted and big-hatted state law enforcement agents, Monday mourned the deaths of two former members. One departed ranger was of the present and the other of the preceding generation.

Ralph J. Tucker, 57, contable at Brownsville and former ranger, died there Sunday and was buried Monday. He had been a detective sergeant at Havana, Cuba, as well as a ranger in train-robbing and desperado days of Texas.

J. K. Faulk, 82, of Palacios, who was ranger many years ago, died at his home in Palacios Sunday and will be buried Tuesday. Faulk was one of the 27 rangers who in early days stood off 900 Indian warriors in the battle of Adobe Walls, in West Texas.

## Fertilizer Value of Cottonseed Meal

Comparison With Other Fertilizers Given by Agronomist

Farmers who have some cottonseed meal are considering the advisability of using this as a fertilizer rather than spending money for commercial sources of nitrogen.

A practical way to look at this is to compare sulphate of ammonia, cyanamide, and other forms of nitrogen with cottonseed meal, states D. J. Burleson, Extension agronomist, University of Arkansas College of Agriculture. The indications are that sulphate of ammonia and cyanamide will be cheaper sources of nitrogen than nitrate of soda. Sulphate of ammonia contains from 20 to 21 per cent nitrogen; cottonseed meal contains around 6 per cent nitrogen with low grades running considerably below this.

Since cottonseed meal contains a little phosphate and a little potash, one may say that it is worth, as a fertilizer, approximately one-third as much as sulphate of ammonia. Farmers who already have meal may consider it worth more than one-third as much as sulphate of ammonia. If sulphate of ammonia sells for \$30 per ton, cottonseed meal would have to be as cheap as \$12 to \$14 in order for its use as a fertilizer to be justified.

## Hints On Horsepower

Harnessed to domestic Electric Motors, Electrical Horsepower works for you at a cost of only a few pennies an hour. And power work is all the more phenomenal for its cleanliness and convenience. Electrical energy is clean as well as cleaning—odor free—ever at your fingertips. It is the most economical labor-lighter ever placed at the disposal of mankind. Within the memory of most people electricity has replaced nearly all other energy in commerce and in industry—where it must produce a definite dollars-and-cents return for the investment.

Hardly a household task remains which it cannot do—quicker, better, cheaper.

### Stamp Digging' For Punishment

Method Successfully Used at Monticello A. & M. College

MONTICELLO, Ark. (AP)—Because stamp digging was the favorite punishment for Monticello A. & M. college students two decades ago, many of them now proudly boast of having been in campus beautification. President Frank Horsfall recalls the soundness of the stumps to be dug were in proportion to the seriousness of the student's offense. He was required to dig on the stump at least one hour each day. The stumps usually were punished by being assigned to window washing. One enormous stump, six feet in diameter, was the Waterloo to the most troublesome student. When the president wished to eliminate such a student from the college, he assigned him to that stump. The youth had the alternative of refusing and going home. He usually went home. But one young man decided he wasn't going home, so he tackled the stump. To the surprise of the president, the other students and himself, he found the stump was hollow and easily dug it up.

### Senators Under Fire as Voting Is Probed

WASHINGTON (AP)—A formal attempt to unseat Senator Bailey of North Carolina on charges of fraud in the 1930 North Carolina election will be held before the senate election committee Tuesday. This brings to two the number of democratic senators whose ouster is being sought. At the same time the position of complaint against Bailey is placed before the committee on behalf of George M. Pritchard, defeated republican candidate, the group will receive two reports of the subcommittee which inquired into the contest against Senator Bankhead of Alabama. The three republicans on the subcommittee advocate unseating Bankhead, while the two democrats maintain he was elected legally. If the democratic senators support solidly the position taken so far by their leaders in support of both men being challenged, prospects are that the unseating will fail. In the North Carolina case the committee is to decide whether the charges warrant full investigation. Fraud was alleged in more than 40 of the 100 counties of the state and irregularities in virtually every one.

### Noted Orchestra Leader Marries Former Texan

HIGHLAND PARK, Illinois.—Wayne (Wally) King, orchestra leader, and Dorothy Janis, film actress, were married here Monday. They left immediately by automobile through a blizzard for King's estate in Northern Wisconsin.

### Conservation by State Laws Urged by Winter

WASHINGTON (AP)—Conservation by state laws rather than federal reservations of mineral rights of public lands, was urged before the house lands committee by Charles Winter of Casper, Wyoming. Winter, a former representative, testified in behalf of his state on the pending bill to turn the surface rights of public lands over to the 11 western states in which they are located. He urged that the states be given full jurisdiction, not surface rights only. Even state mineral reservations, he contended, should be limited to fuel minerals—oil, coal and gas—and "all others, including fertilizer, should be obtainable by purchase."

### British Distance Fliers To Hunt New Records

LONDON.—Two of Great Britain's best known distance fliers, C. W. A. Scott and J. A. Mollison, will depart simultaneously Sunday in search of new world records. Mollison, following a new route down the West African coast, hopes to fly to Capetown in four days, Salaman, the London debutante. Salaman, the London debutante. Scott will depart again for Australia in an effort to break his own nine-day record for the flight.
